*Planning Environmental/
ACT Master Water Control Manual Update.*

- By emailing act-wcm@usace.army.mil.
- By letter addressed to: Commander, U.S. Army Corps of Engineers, Mobile District, Attn: PD-EI (ACT-DEIS), P.O. Box 2288, Mobile, AL 36628.

Further information regarding the update of the Master Manual, including all available documents, background and historical information, and updates is available online at the Web site given above.

Next Steps

No sooner than 30 days after filing the final EIS with USEPA and publication of the EPA Notice of Availability for the FEIS in the **Federal Register**, USACE will prepare a Record of Decision (ROD) which documents the final decision on the proposed action in regard to the update of the ACT Basin Master WCM and the individual project WCMs, summarize alternatives that were considered and relevant factors that were balanced in making the decision, and identify means that have been adopted to mitigate for adverse effects. USACE will notify the public of the ROD in a newsletter distribution to the project mailing list, press releases to local newspapers radio and television news, and on the project Web site.

Landon M. Raby,

Major, Deputy District Commander, Mobile District, U.S. Army Corps of Engineers.

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Notice of Intent To Prepare an Environmental Impact Statement, Initiate the Public Scoping Period and Host Public Scoping Meetings for West Facilities Modernization, St. Louis, Missouri, Metropolitan Area

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969 (NEPA), as amended, the National Geospatial-Intelligence Agency (NGA) announces its intent to prepare an environmental impact statement (EIS) to analyze potential impacts to the quality of the human environment resulting from the proposed construction and operation of new, modern facilities in the St. Louis metropolitan area. The

U.S. Army Corps of Engineers (USACE), Kansas City District, will be the project manager for this EIS. This notice informs the public of the proposed action, announces the public scoping process, and solicits public comments to identify issues related to the proposed project.

DATES: The public scoping period begins with the publication of this notice in the **Federal Register** and will continue until January 19, 2015. All comments submitted or postmarked by January 19, 2015 will be considered in defining the scope of the EIS. Comments submitted or postmarked after that date will be considered to the extent practicable. For public scoping meetings, see **SUPPLEMENTARY INFORMATION** section.

FOR FURTHER INFORMATION CONTACT: To provide written comments on the EIS, request to be added to the project mailing list, or for further information or questions about the EIS process, please contact Ms. Amy Blair, U.S. Army Corps of Engineers, Kansas City District by telephone at (816) 389-3393, by mail at Room 529, 601 E. 12th Street, Kansas City, MO 64106, or by electronic mail at NextNGAWest@usace.army.mil.

SUPPLEMENTARY INFORMATION: The National Geospatial-Intelligence Agency delivers geospatial intelligence, or GEOINT, that provides a decisive advantage to warfighters, policymakers, intelligence professionals and first responders. Both an intelligence agency and combat support agency, NGA fulfills the president's national security priorities in partnership with the intelligence community and the Department of Defense. NGA is headquartered in Springfield, Va., and has two major locations in St. Louis and Arnold, MO.

NGA is pursuing construction and operation of a modern facility in the St. Louis metropolitan area to better support its mission to provide timely, relevant, and accurate geospatial intelligence in support of national security. The proposed new facility will support NGA's current mission, improve its resiliency, and address challenges associated with its current facility located on Second Street in the city of St. Louis, including physical constraints and security requirements. The EIS will evaluate and disclose the impacts of constructing a new replacement facility and relocating NGA operations at alternative sites, in addition to a No Action Alternative.

No Action Alternative: The EIS will analyze the No Action Alternative, under which no new construction or relocation will occur.

The Proposed Action will be to construct a new, modern West Facility in the St. Louis metropolitan area.

Alternatives will be developed during and following the public scoping period, and will consist of alternative sites for the new facility. The following six proposed site locations were initially identified through a site location study:

- Fenton: 1050 Dodge Drive, Fenton, MO (southwest of St. Louis);
- Mehlville: 13045 Tesson Ferry Road, St. Louis, MO (south of St. Louis);
- NorthPark: 4800 N. Hanley Road, St. Louis (Ferguson), MO (northwest of St. Louis);
- North St. Louis City: Near the intersections of Cass and North Jefferson Avenues;
- St. Clair County: Along Interstate (I-64), adjacent to the northeast boundary of Scott Air Force Base (AFB), Illinois (east of St. Louis); and
- Weldon Spring: 4700 Technology Drive, Weldon Spring, MO (northwest of St. Louis).

Two of the six sites have since been removed from consideration. A portion of the NorthPark location has been sold and the remaining land does not meet NGA's requirements. Additionally, the Weldon Spring location is no longer under consideration based on master planning review.

Scoping: Public scoping is being conducted through January 19, 2015, to provide the public with an opportunity to offer input on the scope of issues to be addressed and to identify issues related to the proposed action and alternative sites. As part of public scoping, NGA and the Corps of Engineers plan to hold three public scoping meetings in early December 2014. The dates and locations of the scoping meetings and other opportunities for public participation in the EIS process will be announced through news media in the St. Louis metropolitan area.

In addition to complying with NEPA and DoD planning guidance, scoping will be used to partially fulfill the public participation requirements of Section 106 of the National Historic Preservation Act (NHPA). Except where subject to the confidentiality provision of Section 304 of the NHPA, all comments received during scoping will become part of a project administrative record and may be included as an appendix to the EIS. A Draft EIS is

expected to be circulated for public comment in summer/fall 2015.

Chief, Planning Branch, U.S. Army Corps of Engineers, Kansas City District.

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Corrective Action Plan (CAP)

AGENCY: Office of Special Education and Rehabilitative Services (OSERS), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 3501 *et seq.*), ED is proposing an extension of an existing information collection.

DATES: Interested persons are invited to submit comments on or before December 10, 2014.

ADDRESSES: Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting Docket ID number ED-2014-ICCD-0118 or via postal mail, commercial delivery, or hand delivery. If the www.regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted; ED will ONLY accept comments during the comment period in this mailbox when the www.regulations.gov site is not available.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Mailstop L-OM-2-2E319, Room 2E115, Washington, DC 20202.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Edward West, 202-245-6145.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the

burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Corrective Action Plan (CAP).

OMB Control Number: 1820-0694.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local, or Tribal Governments.

Total Estimated Number of Annual Responses: 60.

Total Estimated Number of Annual Burden Hours: 975.

Abstract: This data collection provides instructions and forms necessary for States to report the number of written, signed complaints; mediation requests; and hearing requests and the status of these actions with regards to children served under Part C of Individuals with Disabilities Education Act (IDEA) initiated during the reporting year. The form satisfies reporting requirements and is used by OSEP to monitor SEAs and for Congressional reporting.

Guidelines for preparation of power repayment studies are included in DOE Order No. RA 6120.2 entitled Power Marketing Administration Financial Reporting. Following DOE guidelines, Southwestern prepared a 2015 Current Power Repayment Study using the existing Sam Rayburn Dam Rate Schedule.¹ This study indicates that Southwestern's legal requirement to repay the investment in the power generating facility for power and energy marketed by Southwestern will not be met without an increase in revenues. The need for increased revenues is primarily due to increased operations and maintenance costs and increased interest expense associated with investments and replacements in the Corps hydroelectric generating facilities. The 2015 Revised Power Repayment Study shows that additional annual revenues of \$333,672 (a 7.9 percent increase), beginning January 1, 2016, are needed to satisfy repayment criteria.

Southwestern will continue to perform its Power Repayment Studies annually, and if the 2016 results should indicate the need for additional revenues, another rate filing will be conducted and updated revenue requirements implemented for fiscal year 2017 and thereafter.

Procedures for public participation in power and transmission rate adjustments of the Power Marketing Administrations are found at title 10, part 903, subpart A of the Code of Federal Regulations (10 CFR part 903). Southwestern's customers and other interested parties may request copies of the 2015 Sam Rayburn Dam Power Repayment Studies and the proposed Rate Schedule. Submit requests to the Director, Division of Resources and Rates, Office of Corporate Operations, Southwestern Power Administration, One West Third, Tulsa, OK 74103, (918) 595-6684 or via email to swparates@swpa.gov.

If requested a Public Information and Comment Forum (Forum) will be held on October 22, 2015, to explain to customers and interested parties the proposed Rate Schedule and supporting 2015 Power Repayment Studies, and to allow for comment. A chairman, who will be responsible for orderly procedure, will conduct the Forum if requested. Questions concerning the rates, studies, and information presented at the Forum will be answered, to the extent possible, at the Forum. Questions not answered at the

Forum will be answered in writing. Questions involving voluminous data contained in Southwestern's records may best be answered by consultation and review of pertinent records at Southwestern's offices.

Persons requesting that a Forum be held should indicate in writing to the Senior Vice President and Chief Operating Officer (see **FOR FURTHER INFORMATION CONTACT**) by letter, email, or facsimile transmission (918-595-6646) by October 16, 2015, their request for such a Forum. If no request is received, no such Forum will be held. Persons interested in speaking at the Forum, if held, should submit a request to the Senior Vice President and Chief Operating Officer, Southwestern, at least seven (7) calendar days prior to the Forum so that a list of forum participants can be developed. The chairman may allow others to speak if time permits.

A transcript of the Forum, if held, will be made. Copies of the transcript and all documents introduced will be available for review at Southwestern's offices (see **ADDRESSES**) during normal business hours. Copies of the transcript and all documents introduced may also be obtained, for a fee, from the transcribing service. A copy of all written comments or an electronic copy in MS Word on the proposed Sam Rayburn Dam Rate Schedule is due on or before November 9, 2015. Comments should be submitted to the Senior Vice President and Chief Operating Officer, Southwestern, (see **FOR FURTHER INFORMATION CONTACT**).

Procedures for the confirmation and approval of rates for the Federal Power Marketing Administrations are found at title 18, part 300, subpart L of the Code of Federal Regulations (18 CFR part 300). The Acting Administrator will review and consider oral and written comments and the information gathered in the course of the proceeding when submitting the finalized Sam Rayburn Dam Power Repayment Studies and Rate Schedule Proposal in support of the proposed rate to the Deputy Secretary of Energy for confirmation and approval on an interim basis, and subsequently to the Federal Energy Regulatory Commission for confirmation and approval on a final basis.

Once submitted for final confirmation and approval, the Commission will allow the public an opportunity to provide written comments on the proposed rate increase before making a final decision.

Dated: September 30, 2015.

Scott Carpenter,

Acting Administrator.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9935-20-Region 5]

Notice of Issuance of Part 71 Federal Operating Permit to Great Lakes Transmission Limited Partnership

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces that on August 28, 2015, pursuant to title V of the Clean Air Act, the Environmental Protection Agency (EPA) issued a title V permit to operate (title V permit) to Great Lakes Transmission Limited Partnership. This permit authorizes Great Lakes Transmission Limited Partnership to operate a natural gas compressor station at its facility (Facility) in Deer River, Minnesota. The compressor station consists of two stationary natural gas-fired turbines, which in turn drive two natural gas compressors for the Deer River Compressor Station No.4, which is located on the Leech Lake Band of Ojibwe Indian Reservation.

DATES: During the public comment period, which ended June 1, 2015, EPA received comments on the draft title V permit. Therefore, in accordance with 40 CFR 71.11(i)(2), this permit is effective 30 days after service of notice of the decision to issue the permit, October 2, 2015. 40 CFR 71.11(i)(2) provides that the final permit decision

becomes effective 30 days after the service of notice of the decision unless a later effective date is specified, review is requested, or no comments requested a change in the draft permit, in which case the permit becomes effective immediately upon issuance. The exceptions noted above to the 30 days after notice of permit issuance date did not apply in this permitting action. EPA received comments on the draft permit from the Leech Lake Band of Ojibwe and the Minnesota Historical Society State Historic Preservation Office during the public comment period, and changes were made to the final permit.

ADDRESSES: The final signed permit is available for public inspection online at <http://yosemite.epa.gov/r5/r5ard.nsf/Tribal+Permits!OpenView>, or during normal business hours at the following address: EPA, Region 5, 77 West Jackson Boulevard (AR-18)), Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT:

Constantine Blathras, Environmental Engineer, EPA, Region 5, 77 W. Jackson Boulevard (AR-18)), Chicago, Illinois 60604, (312) 886-0671, or blathras.constantine@epa.gov.

SUPPLEMENTARY INFORMATION: This supplemental information is organized as follows:

- A. What is the background information?
- B. What is the purpose of this notice?

A. What Is the background information?

The Deer River Compressor Station No. 4 is owned by Great Lakes Transmission Limited Partnership. Deer River Compressor Station No. 4 consists of two stationary natural gas-fired turbines which, in turn, drive two natural gas compressors. EPA received the permit application on April 25, 2014.

On April 29, 2015, EPA made available for a 30-day public comment a draft Federal title V permit to operate (V-LL-2706100011-14-01) in accordance with the requirements of 40 CFR 71.11(d). This title V permit incorporated all applicable air quality requirements for the Deer River Compressor Station No.4, including the monitoring necessary to ensure compliance with these requirements. EPA received written comments, responded to those comments, finalized the permit and provided copies to the applicant pursuant to 40 CFR 71.11(i).

B. What is the purpose of this notice?

EPA is notifying the public of the issuance of the title V permit to Great Lakes Transmission Limited Partnership on August 28, 2015. Because EPA

received comments on the draft title V permit, it is effective 30 days after notice of permit issuance, October 2, 2015, pursuant to 40 CFR 71.11(i)(2).

Dated: September 25, 2015.
